MANAGEMENT MESSAGE

Dear Investor,

Greetings from Ishraqah!

Welcome to another edition of the newsletter, your window to the Onyx. Enjoy reading and feel free to ask any questions or provide suggestions for future Newsletters.

CONSTRUCTION UPDATES OF THE ONYX

Site work at The Onyx Project is progressing in full swing. We have reached the ground floor level and have casted the Ground Floor slab for the Hotel and for the Podium area around it. Part of the Ground Floor slab for Tower 2 is casted and post tensioning works are ongoing for the remaining part and for the Ground Floor Slab of the Podium area around it. The Vertical Elements for the 1st basement of Tower 1 are casted and other site activities are progressing steadily with a continuous work flow.

Visit our website for more construction images and Consultant Completion Certificates.
